**WELCOME
WEEK
SCHEDULE**

(Working Copy - Current as of 9/27/11)

WELCOME WEEK

Welcome Week is our way of acquainting you with YOUR university and people who care about you and your entire MSOE experience. We are proud of MSOE and want to show you why. MSOE is many things - certainly a place for learning and also a place for making new friends, for studying, for growing and for questioning. It is a place for activities, involvement, recreation and leadership. It is a place where you will make choices ... about classes, values, affiliations, friendships ... about LIFE! Our goal is to help you in making the most of your experience at MSOE.

- **INCOMING FRESHMEN:** You are **REQUIRED** to attend Welcome Week. The **highlighted sessions** are specifically important and are considered **mandatory** for you to attend. You should make every effort to attend those sessions, as they will greatly assist you in preparing for your freshman year at MSOE.

- **NEW TRANSFER STUDENTS** who are attending MSOE as incoming full-time traditional students are **REQUIRED** to attend Welcome Week. You would attend the same sessions as the New Freshmen.

- **TRANSFER STUDENTS** (*evening/non-traditional*) are **INVITED** to attend any session throughout the week, but are requested to attend those sessions specifically marked required for transfer students. (i.e., please see Thursday, 8/30). You should check with your individual Program Director if you are unable to attend those required sessions.

- **PARENTS:** please check out those informative sessions specifically designed with you in mind.

If you have any questions, please contact Rick Gagliano, Student Activities, at 414-277-7228 or gagliano@msoe.edu

Three Critical Elements of Welcome Week

Challenge:

to satisfy high academic expectations and what it takes to be successful at MSOE.

Commitment:

from the student to meet the challenge and correspondingly, from the institution, to provide the necessary support.

Community:

engaging students into the MSOE culture and the formation of communities of learners.

<http://www.milwaukeepublicmarket.org/index.php> and

<http://www.historicthirdward.org>

The Historic Third Ward, mainly the Commission Row area, holds significant meaning as a hub of Market activity for over a hundred years. The modern-day Milwaukee Public Market preserves the nature of this historical neighborhood and capitalizes on the history of an area that native Wisconsinites associate with fresh food. We are proud to offer visitors the best of Wisconsin's agricultural heritage while expanding the availability of gourmet, specialty and organic foods. The Milwaukee Public Market features twenty specialty food vendors. Each merchant is owner and operator, and in many instances producer, of the products they sell. We give customers the opportunity to purchase direct from the hands that nurtured the quality goods. Public Markets are being revitalized and new Markets are being developed in cities across the United States. Public Markets reflect the heritage and diversity of the communities they serve. The creation of the Milwaukee Public Market follows this national trend and a way of life that was never lost in Europe. Location: 400 N. Water (corner of Water and St. Paul Avenues). <http://wisconsincheesemart.com/> (9am-5pm)

Originally settled by German immigrants in the early 1800's, Old World Third Street has worked hard to preserve its distinct European ambience. Colorfully-painted shutters, German-style half-timber buildings, European clocks and towers-all remain much the same as they did around the turn of the century...authentic in every detail. From Victorian Gothic to Italianate to Romanesque, Old World Third Street reveals a unique blend of architectural styles- each with a character all its own. As the last remaining portion of the original German retail district in Milwaukee, Old World Third Street brings new meaning to the words, "just browsing around." Here you can literally spend hours exploring all the small shops and retail stores of yesterday. Not only can you find Usinger's famous sausage, the Wisconsin Cheese Mart can you offer you the World's largest selection of Wisconsin cheeses, Just follow your nose and you will no doubt find the Spice House across the street. Old World Third Street offers a shopping excursion like none other. Why not take a few moments to enjoy a unique part of Milwaukee known as Old World Third Street. It's filled with splendid memories of yesteryear, with sights and sounds for young and old to enjoy- with all that can truly be called "Old Milwaukee." Location: Old World Third Street (West of campus just across the river.) FREE bus will depart the Campus Center (CC) and run a continuous loop to the designated downtown sites. 10am – 5pm: Visit the Historic Brady Street Shops – FREE BUS

<http://bradystreet.org/>

First named in 1840, Brady Street is an architectural tapestry of buildings mostly constructed between 1860 and 1930, creating a distinctive neighborhood that was home to early Polish, German and Irish immigrants. In the 1930's it became more predominantly Italian; some of the businesses still bear the names of these pioneering Italian families today. In the 1960s, Brady Street became Milwaukee's very own "Haight-Ashbury" complete with flower children, peace and love, underground political publications and the infamous hippiefest known as Brady Street Days. Today it is still known for its diversity with a unique mix of specialty retail shops, ethnic cuisine, cool coffee shops, chic salons and a vibrant nightlife. Location: Corner of Brady and Humboldt. FREE bus will depart the Campus Center (CC) and run a continuous loop to the designated downtown sites. If an "actlete" steps beyond the boundaries of good taste, the "brown bag foul" (a brown paper bag placed over the offending player's head) will be called to set things straight.
