Reason for dropping course: _____

We recommend you receive guidance from the following people or offices prior to dropping any classes:

- Instructor**
 If you are unsure of how you are doing in your class, you should meet with your instructor during office hours to discuss your grade. Your instructor can help you make an informed decision about whether you should drop the class.
- Academic Advisor**
 Your academic advisor can help you determine how dropping this class may affect your future quarter registrations, if dropping this class causes prerequisite issues, and how dropping this class may delay your graduation.
- Financial Aid Office**
 If you are receiving institutional or federal financial aid money, it is important for you to know how dropping this class may affect those funds. You are highly encouraged to contact a member of our Financial Aid staff to review your situation prior to dropping this class. Information about the Satisfactory Academic Progress policy can be found on the Financial Aid Office website under the Basics of Financial Aid link.
- Athletics Department**
 If you are an athlete, you may wish to check with your coach or the athletic director to determine if this affects your eligibility.
- International Student Advisor**
 If you are an international student attending MSOE on a student visa, you must obtain the International Student Advisor's signature prior to dropping this class.
